**Subject:** Winter Storm

Hello Everyone,

A winter storm is on track to begin impacting our area overnight. It's our third winter storm in as many weeks. Hazardous travel conditions are expected through the morning. Refreezing of any wet surfaces could also occur Saturday afternoon through Sunday morning. For the latest forecast, visit [weather.gov/rah/winter](https://www.weather.gov/rah/winter). We will share timely updates about road conditions and other services at [townofchapelhill.org/emergency](https://www.townofchapelhill.org/emergency).

I appreciate all of you who are leaving the comfort of your home to help us deliver essential services. Many of you are doing this for the third weekend in a row. From the winter storms to the ongoing pandemic, we know it is a trying time. We appreciate your hard work and dedication. Give yourself extra time to get here, slow down, and stay alert.

The Town is currently operating under Adverse Events Condition 1.5 due to the pandemic. If you have questions about what this condition means for you, please speak with your supervisor. If the Town needs to further reduce or suspend operations and move to Condition 2, I will make that announcement in advance of that change. To see the full policy, visit [townofchapelhill.org/home/showpublisheddocument/45540/637594491113400000](https://www.townofchapelhill.org/home/showpublisheddocument/45540/637594491113400000).

Visit [ready.gov/winter-weather](https://www.ready.gov/winter-weather) for helpful tips to keep in mind during winter weather.

All the Best,  
Maurice
