Subject: Winter Weather Event

Hello Everyone,

Winter Storm Izzy is forecast for our area Sunday. For the latest forecast, please visit [weather.gov/rah/winter](https://www.weather.gov/rah/winter).

As this storm's greatest impact is likely to happen over the weekend, I want to ask everyone to take time this evening and tomorrow to prepare your home and your family for the impacts. Visit [ready.gov/winter-weather](https://www.ready.gov/winter-weather) for helpful tips.

I also want to recognize that not everyone has the weekend off, especially when weather is hazardous. Even more people have to go to work to get our community back to fully operational. For everyone who doesn't work the traditional 9-to-5 job, thank you for all that you do.

We will share timely updates about road conditions and other services at [townofchapelhill.org/emergency](https://www.townofchapelhill.org/emergency).

Adverse Events

The Town is currently operating under Adverse Events Condition 1.5 due to the pandemic. If you have questions about what this condition means for you, please speak with your supervisor. If the Town needs to further reduce or suspend operations and move to Condition 2, I will make that announcement in advance of that change.

To see the full policy,

visit [townofchapelhill.org/home/showpublisheddocument/45540/637594491113400000](https://www.townofchapelhill.org/home/showpublisheddocument/45540/637594491113400000).

Be Careful Traveling

Travel conditions will be hazardous Sunday morning through Monday morning as low temperatures will cause accumulation to refreeze overnight. Please limit travel as much as possible. Again, I know some of you will need to come to work. Give yourself extra time to get here, slow down, and stay alert. If you can stay off the roads, please do so.

All the Best,
Maurice
